**One of your most valuable skills in any business or life is the ability to profile "read" people!**

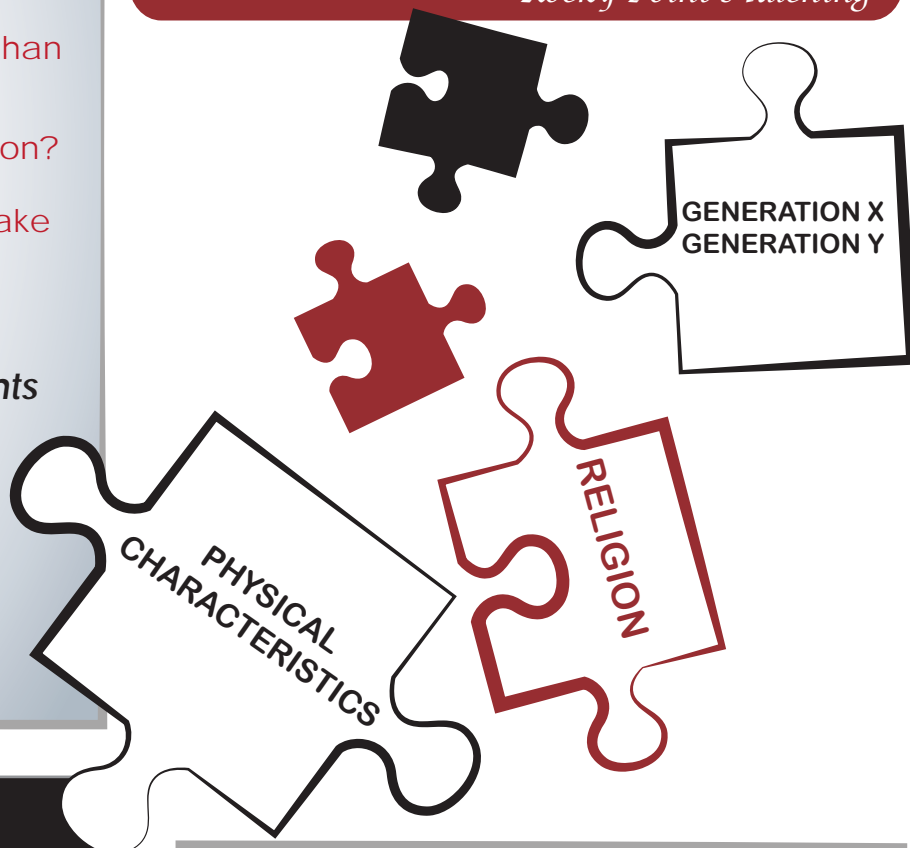

- \* Why are some people more difficult than others to get on with?
- \* Why do different generations not get on?
- \* What are the driving factors that make people behave the way they do?

**"The People Puzzle" is a system delivering simple realistic insights into what makes people 'TICK'.**

This course will change the way you interact both professionally and personally by uncovering the hidden motivating desires of people.

*"I have seen the benefits of the training in the practical ways that our management team are now solving problems together."*

## Practical outcomes

This 1- day programme is an opportunity to...

- \* Discover how people act in consistent, similar ways called traits. When two or more traits are combined, we get types. Two or more types combined identify a profile.
- \* Learn what our 'CORE; GIVEN & CHOSEN' desires are.
- \* Discover how others may see you.
- \* Receive realistic and practical tools to quickly read what make people 'TICK'

## Who should attend?

- \* Those wishing to develop their interpersonal skills for greater business success; anyone wishing to improve their assertiveness and confidence both in life and their work.
